“I read all the books in this series in a day or two. Loved them. Some of the best books I've read this year. There is a nice mix of romance and intrigue. The author appears to know this area well and made me want to visit...though probably not stay cause the area sounds sketchy. I really liked the characters. Even the bad guys looked good because their characters were well developed. I want to get right on with reading other books in the related series.”

Kate O'Connell has poured every waking hour into earning a degree in investigative journalism. But now, instead of exposing corruption, she's tending bar at a run-down dive where her immoral boss fondles every co-ed within reach.

And then Sean walks in.

She knows she should stay far away. Ex-felon. Rippled muscles and toned fists. But there's something about those eyes. Something that, against everything sane and logical, connects deep within her. And she has no idea why.

Then his secret is ripped free from the dark shadows - and their lives teeter on the brink of destruction.

*Ophelia has written over 60 books in the genres of romantic suspense, paranormal, historic fantasy, mythology, and billionaire fun.*
